TWYNING ASH BLUE ENERGY MIX

STRAW PRICE
£8.50

This premium British Blue mix contains 3 prolific sires from the renowned Twyning Ash stud, all of which are producing top quality calves and are exceptionally easy calving.

All 3 bulls have substantial 200, 400 and 600 Day growth rates and are of the highest ranking sires available in the UK.

Twyning Ash Jailer is one of the top bulls on the market for EBV's – infact he is so high on his EBV scores he ranks in the Top 1% for 600 Day growth rates and Carcase Profitability Index.

BLUE ENERGY CUSTOMERS ARE SATISFIED CUSTOMERS!

'We have found Blue Energy has a 9% better conception rate compared to the single British Blue semen we were using.'
Nick Pocock, Somerset

'I am in my third year of using Blue Energy. I have found a 6% improvement in my conception rates with this product. At market, I am averaging £400 for 8 week old heifer calves. The calf quality of Blue Energy is very good.'
Richard Twose, Dyfed

'We have found the calves very easy calving. They are eager to feed and go onto grow well within the youngstock group. It certainly gets the problem cows in calf!'
David Curtis, Somerset
